

Make My Day (Englisch)

*Make my day, make my night
do it good, do it right
stay with me and keep me warm.
Let the stars shine bright
give my dreams delight
let me know when a saint is born.*

*When I get up I don't worry
I'll be on my way
never too late to be sorry
time enough to say*

*Make my day, make my night
do it good, do it right
stay with me and keep me warm.
Let the stars shine bright
give my dreams delight
let me know when a saint is born.*

*When I get up I will hurry
I'll be on my way
wanna see the new born glory
hear the angels pray*
